Devices services

We have a full range of devices to cover all your business needs and enable your people with the best tech. We can also provide some additional services to help with your estate roll out:

Device Enrolment

Our Device Enrolment services come at no additional cost, automatically connecting your device to your IT Management platform, speeding up and simplifying onboarding. We natively support Apple Device Enrolment (ADE), Samsung Knox Mobile Enrolment (KME), and Android Zero Touch Enrolment (ZTE) for all our Direct Business customers.

Device Enablement

We have the tools to deploy, manage and secure our business-critical devices throughout their lifetime.

Managed Logistics

A cost-effective & time-efficient way to deploy customised devices, directly to your business employees. Our In-Life asset management and logistics service offers repairs and refurbishment or replacement of damaged or faulty devices, for future use within your business.

Endpoint Protection

Endpoint Protection enables your organisation to maintain continuous security across your entire mobile environment.

Success Agreement

With SA we can help define specific goals or outcomes you. This will offer more flexibility, with no penalty if usage drops (by up to 15%) and reduced dual-running costs for the first three months. There is also a 25% reduction to the relevant monthly service charge until customers meet their objectives.

O₂ Capital

O₂ Capital gives you more buying power and flexibility when making a purchase. It is a method of funding to enable your business to pay for hardware & professional services. You can spread the upfront cost in regular flexible payments across an agreed term, with the option to return or keep the device at the end.

Pixel 8 and Pixel 8 Pro.

Introducing Pixel 8 and Pixel 8 Pro. Engineered by Google, they're fast and secure with the most advanced Pixel Cameras yet. Google AI powers amazing features for photos and video, like Best take¹ and Audio Magic Eraser.¹ And it makes Pixel extra helpful, so you can do more throughout the day, even faster.²

¹ Requires Google Photos app. May not work on all images. Takes 5-7 consecutive photos within 10 seconds. Works on photos with 2 to 5 people. Will not work in low light or with pets.

² Requires the Google Photos app. May not work on all audio elements.
