

## CONSULATE GENERAL OF THE UNITED STATES OF AMERICA MUMBAI, INDIA

### **Medical Examination and Vaccination Instructions**

#### **List of Approved Panel Physician Sites for India**

Now that you are intending to apply for an Immigrant/K visa, the U.S. Consulate General in Mumbai has authorized the physicians listed below to administer your medical examination. **Please make your examination arrangements with any panel physician site on the list at least seven days before your immigrant visa appointment.**

Please carry the following items for each family member:

- Original appointment letter
- Passport
- Four recent photographs
- All medical records of vaccinations, prior illnesses or treatments. You must discuss your medical history and current conditions, including, but not limited to, pregnancy, diabetes, hypertension and other conditions and medications taken, with the physician.

These physicians are licensed to practice locally and the examinations they give to visa applicants conform to standards prescribed by the United States Public Health Service. Any attempt by an applicant to influence the panel physician's medical judgment will reflect unfavorably on the visa application.

**The physician may need four to seven days to prepare the results of your medical examination. Collect the report from the panel physician and bring it to the Consulate on the day of your visa interview.**

**The following fees for panel physicians have been authorized by the U.S. Consulate General  
Mumbai, effective October 1, 2023**
