Grizzly Supplies stocks Tier 1 replacement seal kits for most construction equipment. We carry the highest level of quality in all our seal kits and single parts.

Floating Face Seals & Oil Seals

Tilt/Dump Cylinder Seal Kits

Steel Hardened Bushings

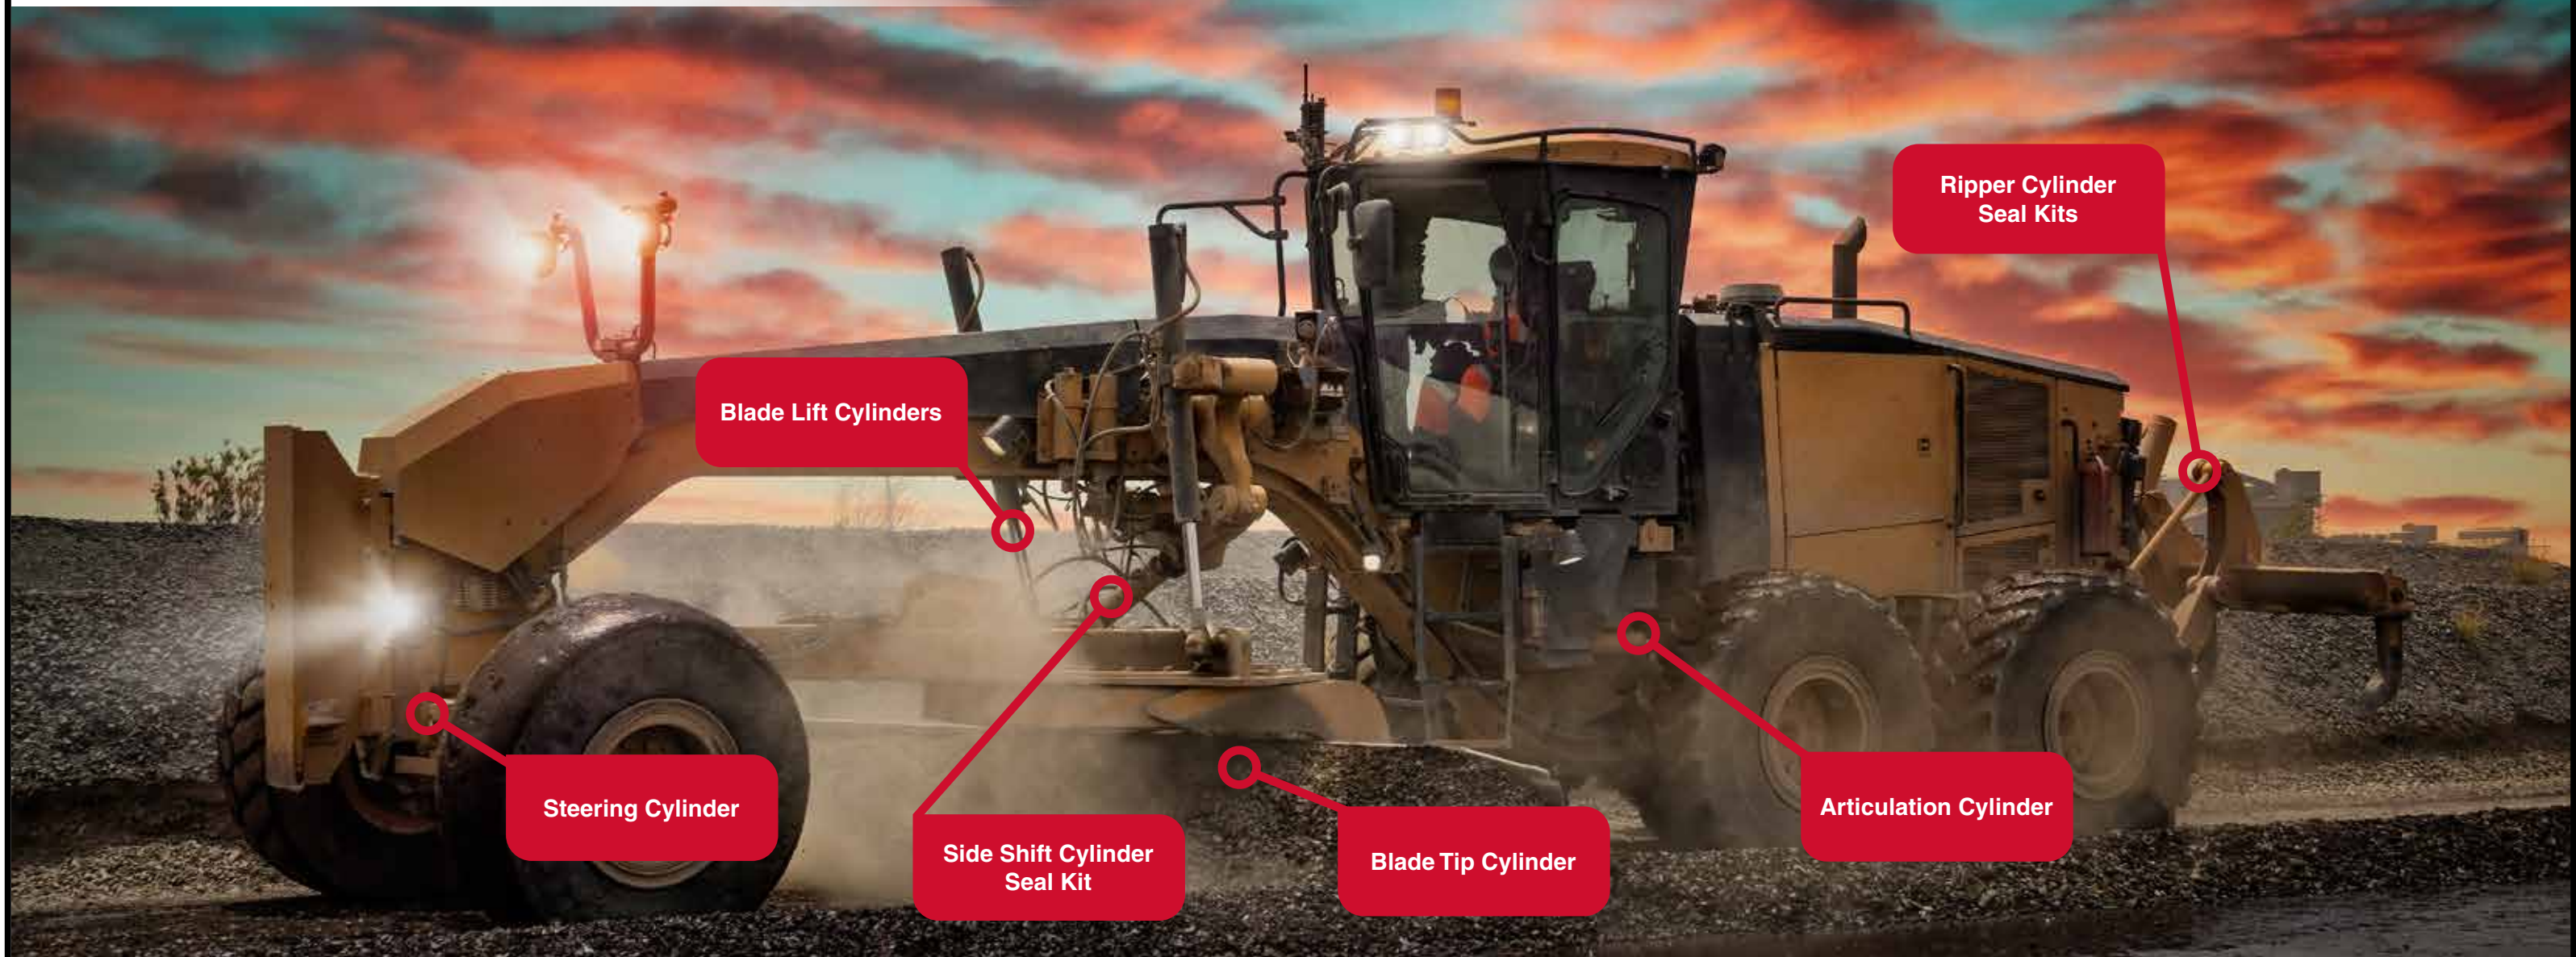

Lift Cylinder Seal Kits

Steering Cylinders

Grizzly Supplies carries a large inventory of stock seals in a variety of materials and sizes to suit various environments and applications. The Grizzly Supplies machine shop is capable of making custom and hard to find seals to reduce down time. We have manual lathes, milling machines, drill presses, bandsaws, a CNC machine, two rubber molding presses, stamped and hand cut gaskets.

Working with hydraulic repair facilities, dealers, OES, and OEM's we know that it is important to include as many parts as possible in our rebuild seal kits to complete your fix. Grizzly Supplies repair kits include wear bands, DU bushings, and pin wipers, these are examples of how we try to complete our repair kits, so you don't have to order parts separately.

Blade Lift Cylinders

Ripper Cylinder Seal Kits

Steering Cylinder

Side Shift Cylinder Seal Kit

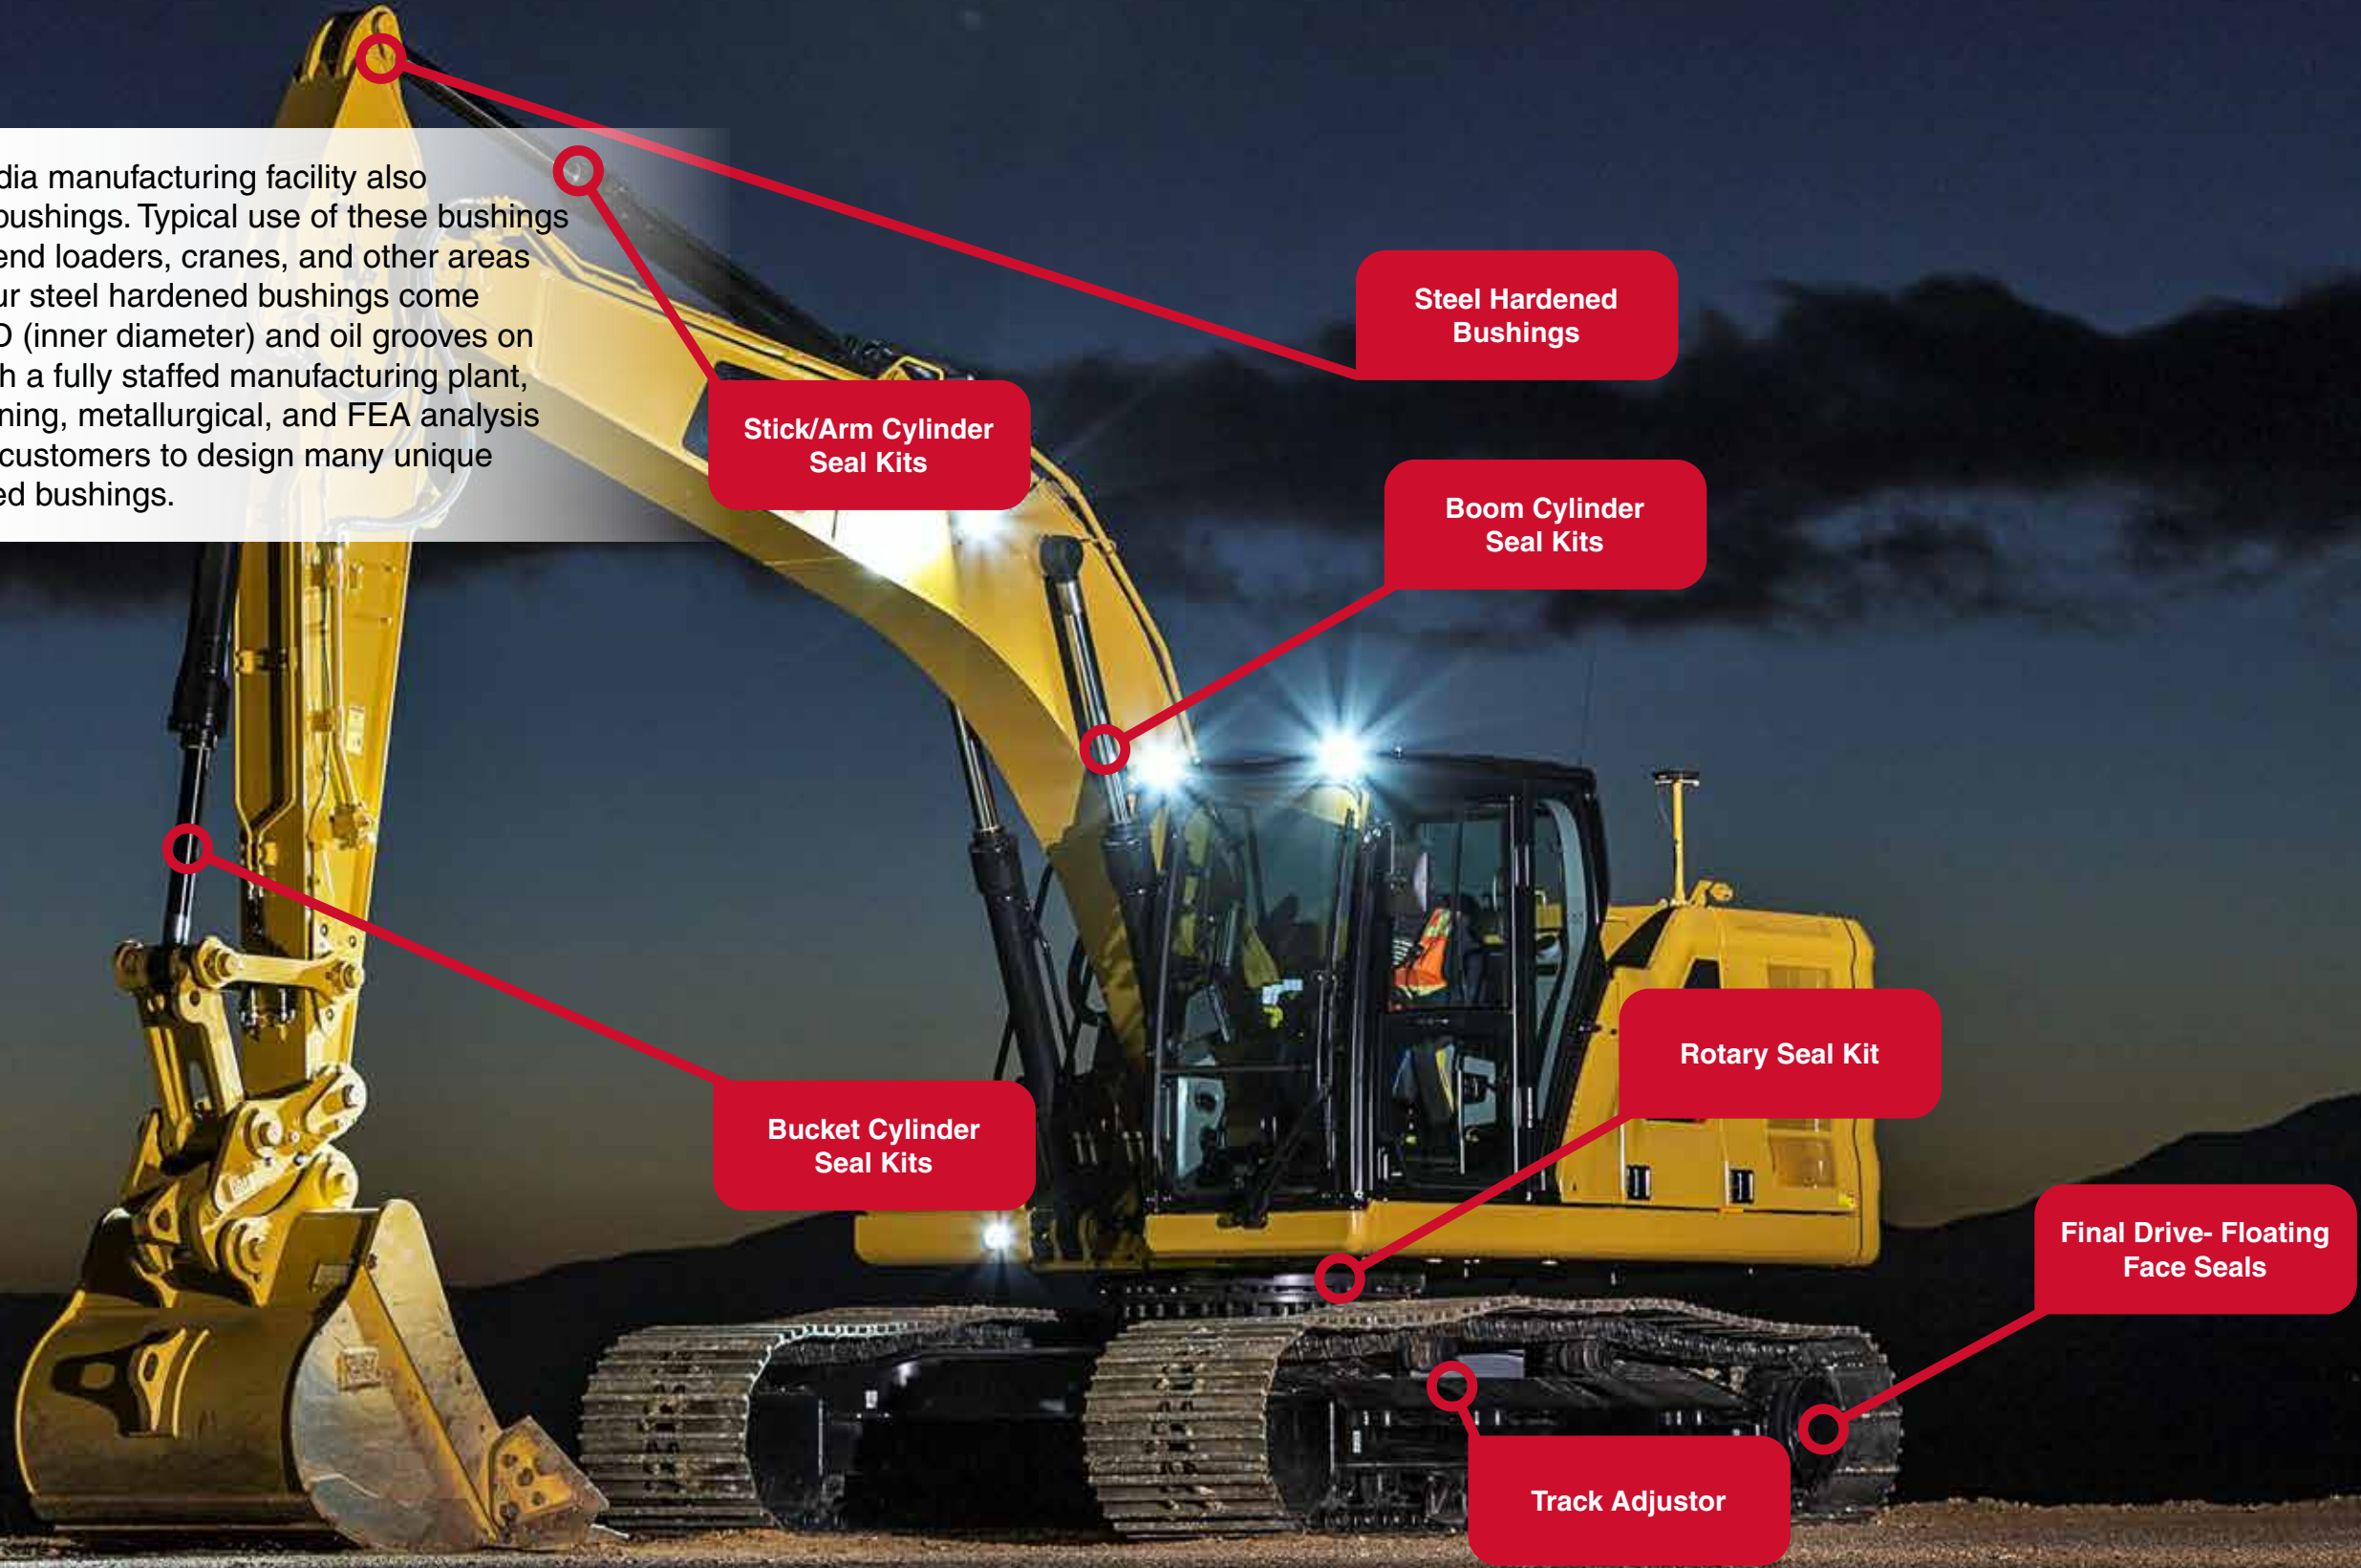

Blade Tip Cylinder

Articulation Cylinder

Grizzly Supplies is part of a joint venture with SAP Parts, which manufactures floating face seals. We manufacture these face seals for OEM, OES, and the replacement spare parts market. These face seals are designed specifically for heavy-duty rotating applications and are made with specialized cast or forged steel.

Grizzly Supplies/SAP, Pune India manufacturing facility also manufactures steel hardened bushings. Typical use of these bushings is in excavators, dozers, front end loaders, cranes, and other areas of the construction industry. Our steel hardened bushings come with cross oil grooves on the ID (inner diameter) and oil grooves on the OD (outside diameter). With a fully staffed manufacturing plant, with centrifugal casting, machining, metallurgical, and FEA analysis our engineers work with OEM customers to design many unique machined products and sintered bushings.

Steel Hardened Bushings

Stick/Arm Cylinder Seal Kits

Boom Cylinder Seal Kits

Rotary Seal Kit

Bucket Cylinder Seal Kits

Final Drive- Floating Face Seals

Track Adjustor
